Task 1.3: Risk Management Task 1.4: Financial Management Task 1.5: Coordination, Communication and Administration WP2: Networking and Transfer of Knowledge Agreement on PhD & PostDoc co-supervision Task 2.1: Networking and transfer of knowledge for DORIS Standards & Specifications for SW Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS	Wrap-Up Meeting	1
Task 1.4: Financial Management Task 1.5: Coordination, Communication and Administration WP2: Networking and Transfer of Knowledge Agreement on PhD & PostDoc co-supervision Task 2.1: Networking and transfer of knowledge for DORIS Standards & Specifications for SW Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Precise Orbit determination via DORIS Precise Orbit determination via DORIS	· Task 1.2: Quality Management and Monitoring	Ė
• Task 1.5: Coordination, Communication and Administration WP2: Networking and Transfer of Knowledge Agreement on PhD & PostDoc co-supervision • Task 2.1: Networking and transfer of knowledge for DORIS Standards & Specifications for SW • Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW • Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW • Task 2.4: Enhancing Research Funding Capacity • Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity • Task 3.1: Building research capacity via DORIS Precise Orbit determination via DORIS • Task 3.2: Building research capacity via SLR	· Task 1.3: Risk Management	i
WP2: Networking and Transfer of Knowledge Agreement on PhD & PostDoc co-supervision Task 2.1: Networking and transfer of knowledge for DORIS Standards & Specifications for SW Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS	· Task 1.4: Financial Management	1
WP2: Networking and Transfer of Knowledge Agreement on PhD & PostDoc co-supervision Task 2.1: Networking and transfer of knowledge for DORIS Standards & Specifications for SW Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR	· Task 1.5: Coordination, Communication and Administration	
Task 2.1: Networking and transfer of knowledge for DORIS Standards & Specifications for SW Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR	WP2: Networking and Transfer of Knowledge	i
Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR	Agreement on PhD & PostDoc co-supervision	1
Task 2.2: Networking and transfer of knowledge for SLR Standards & Specifications for SW Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR	· Task 2.1: Networking and transfer of knowledge for DORIS	
Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR	Standards & Specifications for SW	1
• Task 2.3: Networking and preparing research capacity for VLBI Standards & Specifications for SW • Task 2.4: Enhancing Research Funding Capacity • Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity • Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS • Task 3.2: Building research capacity via SLR	· Task 2.2: Networking and transfer of knowledge for SLR	
Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR	Standards & Specifications for SW	i
 Task 2.4: Enhancing Research Funding Capacity Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences	· Task 2.3: Networking and preparing research capacity for VLBI	1
 Task 2.5: Establishing a Greek Ecosystem of Partners in Space-based Geosciences	Standards & Specifications for SW	
tem of Partners in Space-based Geosciences Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR	· Task 2.4: Enhancing Research Funding Capacity	ı
Establishment of Greek Ecosystem WP3: Building Excellence Capacity Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS Task 3.2: Building research capacity via SLR		1
• Task 3.1: Building research capacity via DORIS Orbit determination via DORIS Precise Orbit determination via DORIS • Task 3.2: Building research capacity via SLR	•	
Orbit determination via DORIS Precise Orbit determination via DORIS • Task 3.2: Building research capacity via SLR	WP3: Building Excellence Capacity	1
Precise Orbit determination via DORIS • Task 3.2: Building research capacity via SLR	· Task 3.1: Building research capacity via DORIS	
· Task 3.2: Building research capacity via SLR	Orbit determination via DORIS	i
	Precise Orbit determination via DORIS	1
· Task 3.3: Building research capacity via VLBI	· Task 3.2: Building research capacity via SLR	
	· Task 3.3: Building research capacity via VLBI	1
· Task 3.4: Long term plan for centre of excellence		
WP4: Dissemination, Exploita-		
tion and Communication Activities Task 4.1: Project website and social media engagement	· Task 4.1: Project website and social media engagement	

 \cdot Task 4.2: Sharing of technical knowledge and know-how

 \cdot Task 4.5: Dissemination Activities and Support for the Greek Ecosystem

· Task 4.3: Joint Summer School and Seminar

· Task 4.4: Open-access publications
